

**WELCOME TO A NEW WAY OF DOING INTERNATIONAL LOGISTICS .
EFFICIENCY AND COST REDUCTION COMBINE TO REACH EXCELLENCE**

ABOUT US

ADVANCED LOGISTICS GROUP S.A.C. It is established as an international logistics operator, guaranteed as a freight forwarder and customs agent, registered with SUNAT, each specialty with its respective operating code. The combination of these complementary services ensures greater control and a considerable reduction in costs..

We have a select group of career professionals, specialized, with extensive experience, great service vocation, prestige and knowledge of the operating system, who have come together to meet the logistical requirements that your company needs nationally and internationally , for which we offer the following services:

CUSTOMS, we are a customs agent guaranteed by SUNAT, with our own operation code. We have extensive experience in the performance of Customs Regimes and Operations, both in import, export, internment and temporary admission, warehousing and among other customs procedures. We provide customs legal advice before, during and after customs operations.

We have a low risk management, that helps to have faster operations in customs control. Our staff is constantly updated to ensure an efficient dispatch.

You can follow your dispatches from our website.

CARGO, we are a freight agent guaranteed by SUNAT, with its own operating code. Our agents in the world are in charge of the embarkation, disembarkation, pick-up, repackaging, customs clearance and other operations, putting all the care and security that our clients require.

We have our own consolidated from Miami -USA, with the greatest operational advantages in the market.

We believe that communication comes first, that is why our clients have access to direct communication with our managers, giving us agility, security, modernity, efficiency and whatever is needed for excellent management.

You can track your load from our website.

WAREHOUSE, we have the best agreements with various warehouses to reduce costs. 30 days retroactive free for consolidated import cargo (LCL) from Miami-USA and 30 free days not retroactive, for FCL managed by our company, from any origin.

INSURANCE, according to your instructions, the goods travel with adequate insurance policies, against all risks; this will ensure your operation, in addition to reducing your customs duties.

CONSULTANCY, dedicated to providing advice on customs law.

Rectification of files, classification, valuation, taxation, international agreements, among others.

NETWORKS AND INFRASTRUCTURE

We have an adequate physical and communications infrastructure that supports our operations through a worldwide network of agents interconnected to our system, which allows us to monitor the status of your merchandise movements and report in real time.
